

The Resident

Dear Resident,

It is vital that balconies are used safely to prevent any risk of fire. We kindly ask all residents to observe the following precautions:

- No barbecues or open flames are permitted on balconies at any time.
- Do not store flammable items such as gas cylinders, petrol cans, or other combustible materials.
- Dispose of cigarettes carefully and do not throw cigarette ends or matches from balconies.
- Avoid the use of heaters or other electrical devices that may pose a fire hazard.
- Keep balconies clear and tidy, ensuring that escape routes are not obstructed.

Your cooperation is essential in helping us maintain a safe living environment for everyone.

Please take a moment to review your balcony space and ensure it complies with these safety measures.

If you have any questions or require further clarification, please do not hesitate to contact us.
